### **Camie-Campbell introduces new Green Lubricant to MHC Kenworth customers** *Tom's Secret Formula includes biodegradable mechanical and all-purpose lubricants*

**St. Louis (February 2009)** – Camie-Campbell is pleased to announce its partnership with MHC Kenworth. MHC Kenworth will carry Camie-Campbell's line of environmentally friendly, biodegradable lubricants, Tom's Secret Formula. The products include B-404, a high performance all-purpose lubricant, and Truckers' Lubricant.

“MHC Kenworth has a fantastic tradition of offering their customers the best products available,” said Mike Polizzi, National Sales Manager of Tom's Secret Formula. “We are thrilled to bring our environmentally conscious lubricant to such a reputable company in the transportation industry.”

Both of these new eco-friendly products are formulated with optimized USA-grown natural vegetable oils and selective additives. B-404 is an all-purpose lubricant that is safe for all types of metal. It clings to surfaces and does not evaporate, which enables B-404 to provide a longer lasting effect compared to conventional petroleum based lubricants. Truckers' Lubricant is a high performance mechanical lubricant that can be used on hinge pins, tracks and rollers for roll-up doors, and cargo load docks.

Tom's Secret Formula, a green product line of Camie-Campbell, strives to provide the highest level of service, quality and value to its customers, as well as the product research it conducts. Introduced in May of 2008, the Tom's Secret Formula also includes Garage Door Lubricant High Performance Pipe Thread Lubricant and Cutting Oil.

### **About Camie-Campbell**

Manufacturing and packaging high quality products for more than 50 years, Camie-Campbell offers spray adhesives, silicone lubricants, cleaners and degreasers.
