Camie-Campbell introduces new Green Lubricant to Ace customers in Washington *Tom's Secret Formula includes biodegradable garage door and all-purpose lubricants*

St. Louis (February 2009) – Camie-Campbell is pleased to announce its partnership with a number of ACE Hardware stores in Washington. ACE will carry Camie-Campbell's line of environmentally friendly, biodegradable lubricants, Tom's Secret Formula. The products include B-404, a high performance all-purpose lubricant, and Garage Door Lubricant.

“ACE has a fantastic tradition of offering their customers the best products available,” said Mike Polizzi, National Sales Manager of Tom's Secret Formula. “We are thrilled to bring our environmentally conscious lubricant to such a reputable franchise in the home improvement industry.”

Both of these new eco-friendly products are formulated with optimized USA-grown natural vegetable oils and selective additives. B-404 is an all-purpose lubricant that is safe for all types of metal. It clings to surfaces and does not evaporate, which enables B-404 to provide a longer lasting effect compared to conventional petroleum based lubricants. Garage Door Lubricant surpasses the lubricity and performance of traditional garage door lubricants. It can be used commercially, as well as residentially.

“Tom's Secret Formula is arguably one of the best products on the market today,” said Del Garber, Store Owner at ACE Hardware in Gig Harbor, Wash. “Their products hold up better and last longer than the majority of lubricants available to the public. I know our customers will love the Tom's Secret Formula product line.”

Tom's Secret Formula, a green product line of Camie-Campbell, strides to provide the highest level of service, quality and value to its customers, as well as the product research it conducts. Introduced in May of 2008, the Tom's Secret Formula also includes High Performance Pipe Thread Lubricant, Cutting Oil and Truckers' Lubricant.

About Camie-Campbell

Manufacturing and packaging high quality products for more than 50 years, Camie-Campbell offers spray adhesives, silicone lubricants, cleaners and degreasers. Camie serves a variety of industries including screen-printing, injection molding, furniture, sewing and upholstery, construction and maintenance applications.
